I made some additional edits on the Sharepoint site but it doesn't look like they were saved (Alexa I think you have it locked, can't tell).

I've attached my suggestions here. May be more than what is wanted... keep or delete what I added.

David Dunlap has sent comments back on the Chloroprene RFC Desk Statement. Dahnish has edited the document in response to David's comments. Could you both please review before we send back up?

Thanks,
